ELIANDRA MELENDRES

ellmelendres10@gmail.com • +6397-0671-5642 • Balanga, Province of Bataan, Philippines

PROFILE SUMMARY

IT professional with experience in technical support, web development, and coding instruction. Skilled in troubleshooting hardware/software issues, network configuration, and system maintenance, as well as developing responsive web applications using HTML, CSS, JavaScript, PHP, and React. Experienced in backend and database work with MySQL and basic CRUD systems. Proven ability to support users, resolve technical issues efficiently, and improve system processes in academic and government environments. Strong foundation in programming, IT support, and digital learning tools with excellent problem-solving, communication, and adaptability skills.

TECHNICAL SKILLS

Technical Skills: IT Support & Troubleshooting, Windows OS Configuration, Network Setup & Monitoring, Data Backup & Recovery, Documentation of IT Procedures, Computer Applications, Remote Assistance (AnyDesk, TeamViewer), Website Management (cPanel/Hostinger/GoDaddy)
Programming Languages: HTML, CSS, JavaScript, PHP, Python, Java, C++
Frameworks & Libraries: Bootstrap, React
Databases: MySQL, Microsoft Access, MySQL Workbench
Tools & Environments: GitHub, VS Code, XAMPP
Productivity Tools: Microsoft Office, Google Workspace
Design & UI/UX: Canva, Adobe Photoshop, UI/UX Principles
Soft Skills:

- Teamwork and collaboration
- Adaptability and fast learning
- Problem-solving and critical thinking

PORTFOLIO

Project: Barangay Calaylayan Citizen Portal *(Barangay Services Web Portal)* | HTML, CSS, ReactJS, JavaScript, PHP

- Developed a responsive UI with HTML, CSS, and JavaScript.
- Integrated forms and session handling using PHP.
- Enhanced UX with clean layouts and intuitive navigation.
- Applied mobile-first and cross-browser design principles.
- Maintained accessibility and usability standards.
- Used GitHub for version control and collaboration.

WORK EXPERIENCE

Phoenix Publishing House Digital Media Production, Inc. **August 2025 – Present**

ACE Facilitator (Aralinks Coding Education)

- Provided coding instruction to students using platforms such as Scratch, ScratchJr, mBlock, and MIT App Inventor.

- Developed sample coding projects to enhance student understanding of computational thinking and basic programming concepts.
- Created reports and encoded data using Excel for monitoring student progress and activities.
- Trained teachers on the use of coding platforms and Learning Management System (LMS) tools.
- Troubleshot tablet devices, including Wi-Fi connectivity issues and login access problems.
- Supported digital learning implementation by assisting students and teachers in classroom-based coding activities.

DOLE - Employees' Compensation Commission REU3 **February 2025 – May 2025**

IT & Multimedia Intern

- Resolved hardware and software issues, minimizing downtime and maintaining continuous workflow.
- Diagnosed and fixed printer connectivity issues over Wi-Fi by reconfiguring device settings and network connections.
- Troubleshot BitLocker-locked devices using command-line tools, successfully restoring system access without reformatting.
- Designed and implemented a CRUD-based file management system, reducing manual record retrieval time by 40%.
- Improved organization and security of digital records, reducing misplaced documents by approximately 25%.
- Created engaging Facebook content using Adobe Photoshop and Canva to enhance online presence.

Bataan Heroes College **February 2022 – August 2024**

Technical Assistance Group Scholar | IT Assistant

- Provided technical support to 800+ students and employees, ensuring smooth daily operations.
- Assisted with student login access issues, enrollment system access, and subject encoding in the school portal.
- Troubleshot Wi-Fi connectivity issues across different offices, ensuring stable network access.
- Diagnosed and resolved printer issues such as paper jams, connectivity failures, and print quality problems (e.g., streaks/lines caused by clogged print heads/nozzles).
- Supported computer laboratory operations by monitoring students and ensuring proper system usage.
- Assisted in installing and updating applications in computer laboratories to maintain system readiness.
- Collaborated with the IT team to implement and improve technical solutions.
- Documented troubleshooting procedures and maintained asset tracking, reducing repetitive help desk requests by 15%.

EDUCATION

Bachelor of Science in Information Technology
Bataan Heroes College
Graduated: July 2025

ADDITIONAL INFORMATION

Certifications & Training:

Google Certificate

AI Fundamentals, Stay Ahead of the AI Curve, Use AI Responsibly,
Discover the Art of Prompting, Maximize Productivity With AI Tools, and Introduction to AI

Basic Occupational Safety and Health (BOSH) Training
